

Race Night 10 - 2023/4

Hi Everyone,

It was another reasonably well attended race especially considering the weather was rather rainy. Thankfully there was no wind, so no excuses really 😊. All who bothered to turn up came away with points, so well done.

Thanks to Shaun Pirie for doing the time keeping, solo.

Although there weren't any PB's tonight Gregsie, Lisa and Alison did well with the rest of us close to their recent times. Everyone was finishing in roughly 30 second intervals so although no-one needed a photo finish Alison was chasing me down the street and a little too close for comfort. With Nathan and Alison both scoring points the table remains close and are keeping it interesting at the top.

Hopefully see you all and more at Race 11.
